

The Little Things That Move the Work Forward

#1 Reflecting on Inclusive Decision-Making

Question to consider: How has your team taken steps toward including all community members in the decision making process?

What little things have you done and need to continue to do to support this work?

#2 Supporting Multilingual Learners Through an Asset-Based Lens

Question to consider: Share an asset-based strategy that you've implemented to support multilingual learners at your school site.

What little things have you done and need to continue to do to support this work?

#3 Reflecting on Supports for Students With Disabilities

Question to consider: Reflect on the shared mental models around students with disabilities at your school site. Think about what you intend to change and consider the reality of its impact.

What little things have you done and need to continue to do to support this work?

#4 Addressing Tier 3 Needs Through Relationships and Understanding

Question to consider: Think about a student who is identified as Tier 3. What is their story? How can you use that to support them?

What little things have you done and need to continue to do to support this work?
